AT SADVICHAR PARIVAR, WE CARE

In the history of Sadvichar Parivar the establishment of 'Bina Shreyas Pandya Health, Education, Information and Research Centre' is an important landmark. This centre is fulfilling a significant gap in healthcare. Health sector, today works on commercial lines. The ethical standards & practices are on decline. The cost of health care has made it inaccessible to poor patients, Sadvichar Parivar through this centre aims to educate all needy people with right advice. It would save them from getting trapped in to exploitative situation. A reasonably well educated person would be able to understand the truth & adopt a right course of treatment.

Senior citizen by & large suffer from many health related issues. Many of their problems are related to advancing age. Here, they will be counseled by Doctors who have agreed to spare their time & help senior citizens, poor patients & persons suffering from chronic diseases to understand the causes & follow treatment plan which is cost effective & correct. Many special projects are being taken up with the initiative of Dr. Pankajbhai Shah, MD. (Onclo.). Bone Marrow Registry, Blood donation, Management of Diabitis, Organ donation are already started. We are thankful to Donor Shri Shreyas Pandya (Sahitya Mudranalaya Pvt. Ltd.) and all colloborative organizations. We hope set a new trend of making health care accessible, affordable and associative.

A PHYSICIAN'S PRAYER

Thank You, O God, for the privilege of being a doctor- for letting me serve as your instrument in ministering to the sick and afflicted.

May I always treat with reverence the human life, which you have brought into being.

Keep me constantly alert to see that the sacred right to life is never violated for even the least individual.

Deepen my love for people so that I will always give of myself gladly and generously to those stricken with illness and suffering.

Help me to listen patiently, diagnose carefully, prescribe conscientiously and follow through faithfully.

Teach me to blend gentleness with skill, to be a doctor with a heart as well as a mind.

Let me be calm without being cold, patient without being weak, and strong without being proud.

Help me, God, to give encouragement without overconfidence, to tell the truth without being blunt.

May I be prompt to relieve pain, quick to hold out the hand of honest hope.

Inspire me to show always a special tenderness for the poor and forgotten, for those who are broken in spirit as well as in body.

Grant that I may continually bring to my work the same soothing compassion which you so generously displayed centuries ago in healing the sick.

And finally, O Divine Doctor, through my service to the sick, may I merit the heavenly reward which you promised in these thrilling words:

"Come you blessed to the kingdom, prepared for you from the foundation of the world"

BINA SHREYAS PANDYA HEALTH EDUCATION, INFORMATION & RESOURCE CENTER

The centre is established in the campus with a view to create large scale Health Care Awareness in the society. It is named after the Late Bina Shreyas Pandya, a graduate in Psychology, she was a pious and pure-hearted woman. She was fortunate to meet and be blessed by Pujya Shri Mota, Chidanand Swamiji and other spiritual leaders. She was a kind, compassionate and caring human being. She was always ready to help the needy ones around her and donate generously for good cause of social welfare. It was a way of her life, personal and secret, not expecting any public recognition. She died of cancer and the essence of the tributes paid to her are contained in these words : Her heart was *'Amritkumb'* She was a driving force behind the prestigious and leading corporate print house of Gujarat, Sahitya Mudranalaya Pvt. Ltd. Following her wish it willingly does all printing works of Sadvichar Parivar as courtesy.
